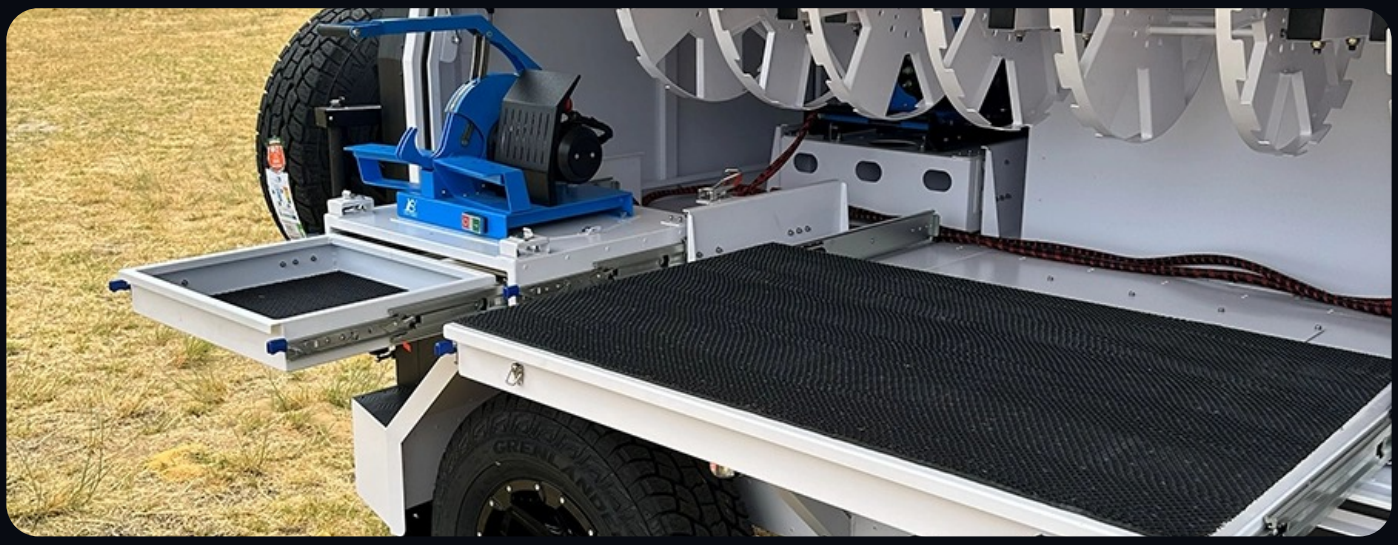
HYDRAULIC REPAIR TRAILER / CRIMPER + CUTTER + FITTINGS + BENCH

# Hydraulic Repair Trailer

## Build hoses where the job happens.

An organised mobile hose-workstation layout for hydraulic technicians, field-service crews and breakdown support.



Slide-out workbench and hose-workstation layout shown. Confirm final equipment and hose-system suitability.

| 1370kN | 480W | 350Ah | 3500kg |
|---|---|---|---|
| listed crimper force | fixed solar | nominal battery | listed ATM |

- Crimper and cutter slides, die-drawer storage, fittings toolbox and workbench.
- Braided main looms, lighting and non-potable hand-wash water.

Equipment compatibility and final inclusions must be confirmed for your hose and fitting requirements. No all-hose compatibility is implied.

# Check the details.

Listed workstation reference. Final supplied equipment and suitability are confirmed in your approved quotation.

| | |
|---|---|
| **Overall L x W x H** | 4772 x 2187 x 2221 mm |
| **ATM / GTM / listed tare** | 3500 kg / 3150 kg / 1500 kg |
| **Crimper / cutter platform** | P20CSZ crimper, listed 1370kN force; C250CS cutter |
| **Workstation** | Slide-out workbench, fittings toolbox, crimper slide and die-drawer storage |
| **Solar / battery** | 4 x 120W fixed panels; 2 x 175Ah batteries, 350Ah combined |
| **Charging / electrical** | 40A DC-DC charger with solar input; circuit breakers and braided main looms |
| **Water** | 90L stainless non-potable hand-wash tank, pump and tap |
| **Running gear** | Heavy-duty leaf springs; dual 12-inch 2000kg solid axles; 265/75R16 tyres |
| **Lighting / security** | Interior LED strips, 4 external work lights, 2 beacons; remote central locking/alarm |

## Tell us what the job demands.

1. The hose and fitting systems, tooling and work you need to support.
2. Your operating environment, tow vehicle and electrical requirements.
3. Exact equipment inclusions, complete loaded weight and delivery location.

Confirm tool compatibility and the complete supplied configuration before order. Nominal battery capacity is not usable runtime, and final loaded mass depends on the equipment carried.

## The RedDirt handover.

Five-year trailer warranty. Ask for the written terms and the coverage that applies to fitted equipment.

Imported trailers, inspected and prepared in WA. Work through the final equipment, loading and practical details with RedDirt before handover.

**Talk through your setup.**
