FIRE FIGHTING TRAILER / SHOWN BUILD + EQUIPMENT REFERENCE

Fire Fighting Trailer

Water. Pump. Reel. Plan the whole setup.

Use the pictured RedDirt build as a starting point for a water and fire-support trailer enquiry suited to your intended work.

Actual trailer build shown. The TTi reference-unit figures below are not complete-trailer ratings.

TTi	Petrol	Manual	Tandem
tank/skid shown	pump shown	hose reel shown	axle platform shown

- Open checkerplate deck, tank/skid assembly, pump, reel and suction-hose tray.
- Discuss the complete trailer and water equipment together, not just the tank.

Confirm the fitted unit, complete trailer ratings and usable water load. Nominal tank capacity does not establish how much water the trailer can carry.

Check the details.

Pictured build and separate manufacturer-unit reference. Final supplied equipment and suitability are confirmed in your approved quotation.

Pictured trailer	Tandem-axle platform with open checkerplate deck
Pictured equipment	TTi FireAttack Deluxe tank/skid, petrol pump and manual hose reel
Complete trailer ratings	ATM, tare, payload, dimensions, braking and coupling: confirm with RedDirt
Reference unit only	TTi PFU1500LZF, 1500L FireAttack Deluxe
Reference nominal capacity	1500 litres - equipment reference, not a trailer carrying-capacity claim
Reference listed unit weight	230 kg - skid unit only, not complete-trailer tare
Reference unit L x W x H	1713 x 1892 x 1216 mm - skid unit only
Reference lid	455 mm hinged lid; confirm fitted unit specification and condition

Tell us what the job demands.

1. Your intended water/fire-support task and operating/site requirements.
2. The final tank, pump and reel requirements and fitted-unit condition.
3. Complete trailer ratings, usable water load, tow vehicle and delivery postcode.

Fire-support use needs suitable equipment, trained operators and applicable site procedures. No emergency-service approval, certification or guaranteed firefighting performance is claimed.

The RedDirt handover.

Five-year trailer warranty. Ask for the written terms and the coverage that applies to fitted equipment.

Imported trailers, inspected and prepared in WA. Work through the final equipment, loading and practical details with RedDirt before handover.

Talk through your setup.
