HYDRAULIC REPAIR TRAILER / CRIMPER + CUTTER + FITTINGS + BENCH

Hydraulic Repair Trailer

Build hoses where the job happens.

An organised mobile hose-workstation layout for hydraulic technicians, field-service crews and breakdown support.

Slide-out workbench and hose-workstation layout shown. Confirm final equipment and hose-system suitability.

1370kN	480W	350Ah	3500kg
listed crimper force	fixed solar	nominal battery	listed ATM

- Crimper and cutter slides, die-drawer storage, fittings toolbox and workbench.
- Braided main looms, lighting and non-potable hand-wash water.

Equipment compatibility and final inclusions must be confirmed for your hose and fitting requirements. No all-hose compatibility is implied.

Check the details.

Listed workstation reference. Final supplied equipment and suitability are confirmed in your approved quotation.

Overall L x W x H	4772 x 2187 x 2221 mm
ATM / GTM / listed tare	3500 kg / 3150 kg / 1500 kg
Crimper / cutter platform	P20CSZ crimper, listed 1370kN force; C250CS cutter
Workstation	Slide-out workbench, fittings toolbox, crimper slide and die-drawer storage
Solar / battery	4 x 120W fixed panels; 2 x 175Ah batteries, 350Ah combined
Charging / electrical	40A DC-DC charger with solar input; circuit breakers and braided main looms
Water	90L stainless non-potable hand-wash tank, pump and tap
Running gear	Heavy-duty leaf springs; dual 12-inch 2000kg solid axles; 265/75R16 tyres
Lighting / security	Interior LED strips, 4 external work lights, 2 beacons; remote central locking/alarm

Tell us what the job demands.

1. The hose and fitting systems, tooling and work you need to support.
2. Your operating environment, tow vehicle and electrical requirements.
3. Exact equipment inclusions, complete loaded weight and delivery location.

Confirm tool compatibility and the complete supplied configuration before order. Nominal battery capacity is not usable runtime, and final loaded mass depends on the equipment carried.

The RedDirt handover.

Structural cover: 3 years private, 2 years commercial, 1 year hire. Standard parts: 12-month defect cover; specialist items separate. Written terms apply. Earlier purchase promises and Australian Consumer Law rights remain unchanged.

Imported trailers, inspected and prepared in WA. Work through the final equipment, loading and practical details with RedDirt before handover.

Talk through your setup.
